

# July Fourth 2017

The Fourth of July holiday started on Friday, June 30<sup>th</sup> with many of our seasonal residents arriving. Prior to the holiday a few community members decided to give the entrance to the lake and the administration building a facelift. You can view the process on the “Our Projects” page. There were so many members enjoying the lake this holiday that many had to park on the street and walk down to the lake.

Considering how busy things were here and the limited parking, everyone was courteous and respectful. It was wonderful to see and meet so many community members enjoying themselves.

The WML Fire Department was on hand with their pontoon rescue boat to assist as necessary. If you see them on the lake, say hello as they will be practicing water rescue techniques throughout the summer.

The staff would like to thank everyone for using the trash containers and following the safety rules. It's so nice to work for a community that is so respectful and courteous to each other.

If you have any pictures of your family enjoying activities at the lake any time this summer or throughout the year we'd love to have you share them with us and post them on our website.
