

Memorial Weekend 2017

Memorial weekend was the first big holiday of the new season. It was wonderful to see and meet so many community members enjoying themselves at the lake. The staff would like to thank everyone for using the trash containers and following the safety rules. It's so nice to work for a community that is so respectful and courteous to each other.

It is wonderful that the WML Fire Department will be keeping their pontoon rescue boat at the lake this entire season. They've already assisted with retrieving two boats off the lake who had some engine trouble - sure beats paddling back to shore!!! If you see them on the lake, say hello as they will be practicing water rescue techniques throughout the summer.

If you have any pictures of your family enjoying activities at the lake any time this summer or throughout the year we'd love to have you share them with us and post them on our website.
